EDUCATION

Bachelor's Degree in Computer Science India
Meerut Institute of Engineering and Technology *Expected Graduation: 2027*

PROJECTS

WeatherPro | *HTML, CSS, JavaScript*
- Developed a dynamic weather application providing real-time weather updates and weekly forecasts
- Integrated external weather APIs to fetch and display accurate weather data
- Designed responsive UI for cross-device compatibility

Notes Manager | *JavaScript, Full-Stack Practice*
- Built a mini full-stack notes management application for CRUD operations
- Implemented modular architecture for scalable project structure

Apple Website Clone | *HTML, CSS*
- Developed a responsive UI clone replicating Apple website layout and animations
- Focused on pixel-perfect layout accuracy and performance optimization

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS
Frameworks / Tools: Git, GitHub, VS Code, REST APIs
Concepts: Responsive Design, UI Development, Frontend Architecture
